As you continue your **9-Day Private Luxury Tour in Egypt**, step into a world of luxury as you disembark from your opulent Nile cruise and proceed to the airport for your flight to the stunning [Abu Simbel](#). This awe-inspiring site is home to two colossal rock temples, namely the Great Temple of Ramses II and the smaller Temple of Hathor, located in Nubia.

The twin temples were originally chiseled out of the mountainside during the 13th century BC, in the reign of Pharaoh Ramesses II, as a lasting legacy to himself and his queen Nefertari, to celebrate his supposed triumph at the Battle of Kadesh and to intimidate his Nubian rivals. It was a remarkable event that happened in 1968 when the complex of temples was moved to an artificial hill composed of a domed structure overlooking the Aswan reservoir. This great enterprise had been carried out to save the very temples of Abu Simbel from being submerged in the sea of the man-made Lake Nasser brought into existence with the raising of the Aswan dam.

An Abu Simbel is arguably one of the most captivating tourist attractions that Egypt has to offer, but with a YET guide to Egypt qualified Egyptologist in tow, you will revel in a unique and personal visit to this beautiful temple. View the fabulous face of the carved rock at four titanic pharaohs and soak up the fortunes of history that brought this majestic site to grandeur, including the history of a lucky chance that led to the discovery of temples in 1813.
